This training is designed for medical providers serving adolescents.

**This training is co-sponsored by the NYPATH, the Steuben Rural Health Network at IHS,
and the University of Rochester, Division of Adolescent Medicine.**

NYPATH (New York Promoting and Advancing Teen Health) is an exciting new Mailman School of Public Health initiative for healthcare providers who serve adolescents in primary and specialty care settings throughout New York State. The purpose of the project is to increase clinician capacity to provide high-quality sexual and reproductive healthcare and other preventive healthcare services to adolescents.

This flyer was developed with funding provided by the NYS Dept. of Health, Bureau of Maternal & Child Health, Division of Family Health, C-027009 to Columbia University HDPFH. Its contents are solely the responsibility of Columbia University HDPFH and do not necessarily represent the official views of the New York State Department of Health.
