This training is designed for medical providers serving adolescents and has been approved for 1 AAFP prescribed CME credit (equivalent to AMA PRA Category 1)

About NYPATH

NYPATH (New York Promoting and Advancing Teen Health), is an exciting new Mailman School of Public Health initiative for healthcare providers who serve adolescents in primary and specialty care settings throughout New York State. The purpose of the project is to increase clinician capacity to provide high-quality sexual and reproductive healthcare, and other preventive healthcare services to adolescents.
