

New York Health Coverage Outreach and Enrollment Summits: *Looking Back, Looking Forward*

This series of regional events brings together community leaders and stakeholders to review the first year (2013–2014) of outreach and enrollment for NY State of Health.

The summits will examine best practices and begin to develop regional coordinated plans for the second year of open enrollment (Nov 15, 2014 – Feb 15, 2015).

Health advocacy groups, navigators, community groups, healthcare facilities, health plans, unions and small business representatives are all encouraged to attend. Over a million New Yorkers have already enrolled and we must continue this record of success next year!

(Local groups should come to the summit that covers their region. Statewide groups are urged to send their local affiliates.)
