## National Health Center Week Celebration

**Newburgh** - Families came from all over to be a part of the third annual National Health Center Week celebration, held at the Greater Hudson Valley Family Health Center in Newburgh, NY, on Saturday, August 4, 2012. Congresswoman Nan Hayworth and NYS Senator William Larkin stopped by to show their support of the GHVFHC.

Attendees of the event received information from the many health related organizations, enjoyed delicious food, and played fun games at the Lake Street location.

"Everyone has the right to quality, affordable health care," said Linda Muller, President and CEO of the Greater Hudson Valley Family Health Center.

The core mission of the Greater Hudson Valley Family Health Center remains to provide primary and preventative medical services to any who need their service regardless of ability to pay.
