

# WE NEED YOUR VOICE

Your voice is incredibly important as an advocate on behalf of your health center and the patients you serve.

**Sign up for the CHCANYS Grassroots Action Network**— a web-based program that enables health center advocates like you to have your voice heard at the state capitol and in Congress.

It's quick and easy. When action alerts come to your e-mail box all it takes is a few clicks and your message will be sent.
