

# New York Electronic Health Records (EHR) Fall 2010 Summit

*Join physicians, industry leaders, local, state and federal representatives and regional health information exchange organizations for this informative one-day program designed to answer your questions, create dialogue and help you use EHR to grow your practice.*

**Who Should Attend:** Whether you're interested in adopting an EHR for the first time, or are an existing user looking to achieve the federally defined "meaningful use"—the New York eHealth Collaborative can help. This summit, hosted by the New York eHealth Collaborative, will address:

### **Summit Topic Highlights:**

- How and why EHRs are great for your patients and your practice
- How to qualify for up to \$63,750 in government incentives
- Hands-on demonstrations of EHR programs
- Question and answer sessions
- Comprehensive examinations of "meaningful use" and how to measure it
- All about the resources available to help you succeed

**Day at a Glance:** The event runs from 8am to 3pm – breakfast and lunch will be served. The main morning educational sessions will be broken into two tracks:

#### **For New EHR Adopters:**

9:30 – 10:15 am Regional Extension Centers: A Comprehensive EHR Adoption Resource  
*Guidance for vendor selection, implementation, troubleshooting and beyond*  
10:15 – 11:00 am EHRs 101  
*How adopting an EHR impacts your practice*

#### **For Advanced EHR Users:**

9:30 – 10:15 am Regional Health Information Organizations and the REC  
*Advanced health information exchange and connecting your EHR to others*  
10:15 – 11:00 am Advanced Meaningful Use Requirements  
*A detailed breakdown of meaningful use incentives, objectives and measures*

Additional sessions for all attendees during the day include: Patient Privacy, Security and Consent in an Electronic World; vendor exhibits, a panel discussion, patient medication tutorial and EHR product demonstrations.
