NYS Managed Care Programs

Physical Health	Other Services
<u>Today:</u>	
 Medicaid managed care 	 Health homes
Child Health Plus (CHP)	 Behavioral health organizations (BHOs)
	 Managed long-term care (MLTC)
Coming soon:	
Fully Integrated Dual Advantage (FIDA)	 Developmental Disabilities Individual Support and Care Coordination Organization (DISCOs)
 Health and Recovery Plans (HARPs) 	

Medicaid Managed Care DSRIP Contracting Plan

- Prior to submitting MCO contracts and rates to CMS for approval for the April 1, 2015 – March 31, 2016 contract cycle, the State must submit a roadmap to CMS for how they will amend contract terms
 - What approaches MCOs will use to reimburse providers to implement the stated goal of 90% of managed care payments to providers using value-based payment methodologies
 - How DSRIP will impact the administrative load for MCOs, such as providing technical assistance or "themselves carrying out programs or activities for workforce development or expansion of provider capacity"
 - How alternative payment systems deployed by MCOs will reward performance consistent with DSRIP objectives and metrics
 - How the state will assure that providers participating in and demonstrating successful performance through DSRIP will be included in provider networks
 - How the State will use DSRIP measures and objectives in their contacting strategy approach for managed care plans, including reform
