

Objective	Required Capability
<ol style="list-style-type: none"> 1. Demonstrate the ability of the health center to notify staff and operate its Health Center Command Center (HCC). Include activation of Health Center Incident Command System (HICS). 2. Demonstrate the ability of the health center to implement information-sharing processes on a regular basis with other mutual aid partners, the Regional DOH Office, and with appropriate government agencies, utilizing redundant interoperable communications to: <ol style="list-style-type: none"> a) maintain situational awareness 3. Demonstrate the ability of the health center to communicate consistent elements of information (EIs) to the Regional DOH Office, other mutual aid partners and the local public health/medical lead (PERFORMANCE MEASURE). 	<p>Emergency Operations Coordination</p> <p>AND</p> <p>Information Sharing</p>
<ol style="list-style-type: none"> 4. Demonstrate the ability of the health center to inventory patient census, acuity, and staffed bed availability in real time, and again after rapid patient discharge in order to decompress the facility (offload patients) GOAL: 2 hours 5. Demonstrate the health center's coordination of health center surge operations (on-load patients) with EMS operations. 6. Evaluate the ability of the health center to move and track patients to their final disposition (ED to a staffed available bed; health center to healthcare facility: <i>If an evacuation scenario - must use eFINDS</i>). 7. Demonstrate inclusion of individuals (highly suggested = minimum of 3) from one or more of the following at-risk populations : <ul style="list-style-type: none"> • Frail Elderly • Pediatrics • Physically disabled • Hearing impaired/deaf • Blind • Behaviorally involved • Pregnant women • Non-English speaking • Access/functional needs 	<p>Medical Surge</p> <p><i>Activities involving the at-risk populations can be developed at the discretion of the Exercise Design Team, depending on the scenario and scope of the exercise.</i></p>

<div data-bbox="142 110 1402 456" data-label="List-Group"><ol style="list-style-type: none">8. Evaluate the health center’s ability to reference and incorporate components of its appropriate plans (e.g., COOP, 96 hour Sustainability Plan, the Isolation and Quarantine Plan, the Alternate Care Site Plan, etc.) to prioritize and continue mission essential services after HCC activation.9. Determine if event has caused a complete or partial disruption of health care service delivery, and delineate how this disruption occurred with prioritized mission essential functions (suggested minimum of 3).10. Demonstrate appropriate activities that focus on rapid resumption of the prioritized mission essential functions (suggested minimum of 3).</div>	<div data-bbox="1436 103 1871 345" data-label="Text"><p><i>Healthcare System Preparedness (Continuity of Operations)</i></p><p>AND</p><p><i>Healthcare System Recovery</i></p></div>
