HOW TO INCREASE COLORECTAL CANCER SCREENING RATES IN PRACTICE

EVALUATION FORM
WEBINAR

Jean R. Burg, MD
1.5 Credit Hours

Objectives:

	Not At All				Very Well
Indicate how well you achieved each objective by checking the appropriate number.	1	2	3	4	5
1. Identify at least 2 new technologies for early detection of colorectal cancer					
2. Name at least 1 strategy for increasing colorectal cancer screening rates					
3. List steps to implementing a successful patient registry					

Questions:

	Not At All				Very Well
Check appropriate number of each question	1	2	3	4	5
4. How well did the objectives relate to the overall purpose of the education activity?					
5. Were the physical facilities conductive to learning?					
6. How effective was Jean Burg, MD?					
7. Were teaching strategies appropriate for this activity?					

Identify specifically what you intend to do in your practice with what you have learned.

What changes, modifications, or improvements would you suggest before subsequent presentations of this educational activity?

What other specific learning needs do you have related to your practice?
